

CAN YOU INSPIRE?

Leaders, Assistant Leaders, Sectional Assistants and Admin support

It's not just the young people who can get in on the action, can you rise to the challenge.....2nd Frimley (St Peter's) Scout Group are looking for volunteers across all sections, Beavers, Cubs and Scouts. Due to increasing demand we already have two well established Beaver colonies that would welcome additional support. We also need to open a second Cub Pack (to meet demand), in addition to our successful Kenya Pack, and provide additional support to our Scout Troop.

These are exciting opportunities to join us, have fun, develop and learn new skills whilst volunteering (and strengthen your CV)! Don't feel you have the time....well we can be flexible if you can't help out weekly so don't let this put you off starting something rewarding.

Training and support will be given and all roles will be required to undergo DBS checking.

Talk to us about what you can offer to us, whether you are good at admin, love being outdoors, having particular skills you could offer or simply want to have some fun!
